

Recital Hall Policy

Dear Teachers, Colleagues, and Friends,

It has always been our dream to have a beautiful recital hall for teachers, students, and families; a place to make and appreciate music. We wish to invite you to use this great facility. We are excited to offer our recital hall as a gathering place where our community members can come together and share in the joy of music.

We have invested a great deal of funds into this lovely hall. We sincerely hope that you will help us take good care of it so that we can all utilize it for years to come. Please kindly remind your students and their families that they are our honored guests. We expect our guests to maintain courtesy to the performers, good manners and respect for each other while in our store and in the recital hall. In order to maintain a professional atmosphere and appearance, we would ask that you please observe the following:

- Please no food or drink or any refreshments of any kind in the recital hall or the store.
- No climbing on or abusing recital hall chairs.
- Please pay special close attention to young children while in our store so as not to damage any product.
- Please enter and exit the recital hall during breaks in performances where possible.
- Please vacuum the recital hall and straighten chairs at the end of your recital so the room will be clean and ready for the next group.
- Take any belongings your students or their family members have left behind with you. We are not responsible for any belongings left behind.

Any group failing to observe any of these policies will be denied the use of the recital hall in the future. Your courtesy and cooperation is very much appreciated.

We extend our good will and our warmest welcome to those of you who wish to participate in the opportunity to share music together. We hope you will enjoy the wonderful atmosphere here, and we appreciate your continued support and business. If there is anything we can do for you, please let us know. We are eager to serve you.

P.S. – Instead of refreshments, try a gift bag!

Sincerely,

Ruby Beeston
Owner
